COACHING INFORMED CONSENT

Coaching is a service which therapists with specialized training are equipped to provide. It is designed primarily to assist clients in goal achievement. It is different than traditional psychotherapy, and while it may often include therapeutic techniques, it is NOT psychotherapy. If during the course of coaching, we find that you would benefit from psychotherapy or medical services, or that therapy would be more appropriate for you than coaching, I will make that recommendation and try to help make a referral for you. If you would like me to confer with any therapist you are seeing, I will only do so with your written authorization.

All information shared in coaching is confidential with the exception to mandated reporting laws that would require me to report child abuse or neglect, elder abuse or neglect, harm to self or others.

Coaching sessions may be conducted by phone or email. I require 24 hour cancellation to avoid full charge for the session and I check my voice mail and email often. Payment is due at the time of service and may be arranged in advance with a credit card on file. Charges for coaching sessions are \$140.00 per 60 min hour. Sessions can be arranged and billed in 15 min increments based on arrangements made with coach.

I agree to the above conditions of coaching and have previously read a full disclosure of information regarding Terri Phillips, MA MFT and her qualifications.
